

SIMON JANNINK

Allround Media Designer and Online Content Creator

My name is Simon Jannink, I am 24 years old, and I have been able to turn my hobby into my profession. Currently, I work as a media designer and run my own business part-time, where I work on a wide range of media projects, including photo/video editing and both online and offline branding. In addition, I work part-time as a social media content creator, where I am responsible for creation, publishing, and management of multiple social media channels.

I am easy to talk to and a proactive person, which often results in a positive mood that I enjoy sharing with others. Trying new things and learning from them remains important and enjoyable to me, and I always try to think outside the box.
